- Melissa Carbonette, NP, IBCLC (English)

New Hyde Park: 516-465-4377

- Theresa O'Donnell, RN, IBCLC (English)

If a Northwell Pediatric Patient, you can visit any of the above locations to receive lactation services (available for Northwell pediatric patients only).

Breast Pumps and Supplies

All insurances are required to provide breastfeeding support, counseling, and equipment (including breast pumps) for the duration of breastfeeding. These services can be provided before and after the birth. Call the number on the back of your insurance card and ask how to get a breast pump. If they do not provide the pump you need, call the appropriate complaint line:

Medicaid: 1-800-206-8125

Other insurances: 1-800-428-9071

Hospitals and other care providers, including many of those listed above, have access to breast pumps for rent. Ask any of them for information or visit the following websites:

A-Med Supplies

<https://amedsupplies.com/24-insured-breast-pumps-select>

- Website that will allow you to order breast pumps free-of-charge (Medicaid coverage accepted) to keep
- Multiple breast pump brands available

Yummy Mummy

<https://yumymummystore.com/>

- A Medicaid approved supplier that ships equipment statewide (free shipping, no credit card needed)
- Can compare breast pumps to find best equipment for you

Updated 11/7/2023

Resources for Expectant and New Parents

Medela Breast Pumps

www.medelabreastfeedingus.com/insurance-pump-lookup

- Choose your insurance (e.g. “NYS Medicaid”) and “New York” to see options

Ameda Breast Pumps

<https://www.ameda.com/>

- Website provides information and allows you to search for supply stores near you

Better Living Now (<http://www.betterlivingnow.com/products/category-home.cfm?id=53>) and Hampton Homecare (<http://www.hamptonhomecare.com/Catalog/?query=breast%20pump&sort=0&cid=&mid=&t>) also supply these breast pump brands with the option of going through insurance.

- Hampton Homecare is an approved NYS Medicaid equipment supplier

New York State Medicaid Member Medical Equipment Supplier Search Tool

<https://member.emedny.org/pharmacy/search-locations>

- Website allows you to search for Medicaid-approved vendors who supply breast pumps within your area
- Members should contact suppliers directly to find out if they provide breast pumps and supplies

Steps pregnant/breastfeeding parents need to take to get breast pumps supplied through health plan:

1. Contact Health Insurance: Call your insurance and ask how to get a breast pump
2. Pick a pump: Look through the options and decide which pump is best for you
 - a. If pumping 100% in the first month or boosting milk supply: use a rental-grade pump
 - b. If pumping every day while also breastfeeding: use a double electric pump with a 1-year warranty
 - c. If pumping less than 1x/day: use any type of pump
3. Order pump using health plan from the supplier.

Online Videos

- **Global Health Media Project**
<https://globalhealthmedia.org/videos/breastfeeding/>
 - This breastfeeding video series covers a wide range of topics, such as positions for breastfeeding, achieving a proper latch, storing breast milk safely, and more.
 - Available in multiple languages
- **Injoy Health Education**
English: <https://injoyhealtheducation.com/npc-breastfeeding-fullpreview/>
 - This is a series of 14 short videos for new parents on breastfeeding and nutrition.
- **Breastfeeding Support and Moms’ Emotional Well-being**
 - This is a webinar recorded by Sonia Murdock (Executive Director, Postpartum Resource Center of NY), Chanel Jones (Birth Doula and Childbirth Educator), and Jennifer Giordano (MS, APRN, FNP, IBCLC)

Resources for Expectant and New Parents

Websites

- **Feeding Your Baby**
<https://feedingyourbaby.org/>
 - Feeding Your Baby is a place for new mothers to learn about infant nutrition. There are 6 units that match important stages in the baby's first 6 months of life. This useful information and nutrition advice will help mothers reach breastfeeding goals.
- **Healthy Children (American Academy of Pediatrics)**
<https://www.healthychildren.org/English/ages-stages/baby/breastfeeding/Pages/default.aspx>
 - Healthy Children is the American Academy of Pediatrics (AAP)'s website for parents and families. Their breastfeeding page can answer many frequently asked questions, as well as some less common ones that may arise. Browse through the alphabetical list of topics for the information you are looking for or search for something specific in the top right corner of the page. The recommendations are backed by science and have been verified by leading pediatricians in the field.
 - English/Spanish
- **Breastfeeding: New York State Department of Health**
<https://www.health.ny.gov/community/pregnancy/breastfeeding/>
 - The New York State Department of Health's quick guide to the benefits of breastfeeding with helpful links and information about government programs to support and protect breastfeeding (WIC, Breastfeeding Mother's Bill of Rights, etc.). They also have lists of Breastfeeding Friendly Practices and Child Care Centers as well as Baby Friendly Hospitals.
- **Kelly Mom**
<https://kellymom.com/>
 - Written by a breastfeeding mother and International Board Certified Lactation Consultant (IBCLC) this website provides evidence-based information on breastfeeding and parenting.
- **Women, Infants, and Children (WIC)**
<https://WICHelpNY.org>
 - The Women, Infant, and Children (WIC) program's breastfeeding page. Visit WICHelpNY.org and "Chat with Wanda" to see if WIC is right for you.
 - WIC supports moms, moms-to-be, and their families with healthy food, nutrition education, breastfeeding support, and referrals to other services.
 - **Suffolk County Department of Health Services - Women, Infants and Children Program (WIC)**
 - *Locations in Amityville, Brentwood, Coram, Greenlawn, Patchogue, Shirley, Riverhead, Southampton and Wyandanch*
 - www.SuffolkCountyNY.Gov/WIC
 - 631-853-3014
- **The Office of Women's Health: Department of Health and Human Services**
<https://www.womenshealth.gov/breastfeeding/>
 - The Office of Women's Health is part of the Department of Health and Human Services and provides breastfeeding information and resources, including a section specifically targeted towards mothers returning to work. They also have a page specifically dedicated to information for African American mothers: <https://www.womenshealth.gov/its-only-natural>
 - English/ Spanish
 - The Office of Women's Health also has a list of online videos available to families: <https://www.womenshealth.gov/patient-materials/resource/videos>
- **Lamaze**
<https://www.lamaze.org/>

Updated 11/7/2023

Resources for Expectant and New Parents

- o Lamaze is a nonprofit organization that provides information for families from pregnancy through early parenthood. The website has more information about pregnancy, but several pages about early parenthood and breastfeeding. They have weekly email newsletters customized to your due date, a mobile app, a video library, and many other resources.
- o English/some Spanish
- **Text-4-Baby**
<https://text4baby.org/>
 - o Sign up for informational texts about nutrition, safe sleeping, breastfeeding advice, and many other topics.
 - o English/Spanish
- **Bright by Text**
<https://brightbytext.org/>
 - o Subscribe to receive informative texts on healthy child development, local resources and events from community organizations, and learning materials from trusted early childhood experts.
 - o English/Spanish
- **La Leche League International**
<https://www.llli.org/>
 - o La Leche League International—their local chapters are listed above under support groups, but their webpage also provides a wealth of valuable information as well as mother-to-mother forums, FAQ-Answer pages, and podcasts.
 - o Multiple Languages
- **LactMed**
<https://www.ncbi.nlm.nih.gov/books/NBK501922/>
 - o The LactMed® database contains information on drugs and other chemicals to which breastfeeding mothers may be exposed. It includes information on the levels of such substances in breast milk and infant blood, and the possible adverse effects in the nursing infant. Suggested therapeutic alternatives to those drugs are provided, where appropriate.
- **The Centers for Disease Control and Prevention (CDC)**
<https://www.cdc.gov/breastfeeding/>
 - o The CDC has basic information about breastfeeding, including the safety of vaccinating pregnant women, traveling and breastfeeding, and other helpful information about breastfeeding and disease prevention. They also have a page with the most up-to-date guidelines and recommendations regarding breastfeeding, such as Proper Handling and Storage of Human Milk and Vitamin D Supplementation:
<https://www.cdc.gov/breastfeeding/recommendations/index.htm>
- **Human Milk Banking Association of North America**
<https://www.hmbana.org/>
 - o This website will answer questions about human milk banking and direct to the locations of human milk banks in North America.
- **USDA Choose My Plate: Breastfeeding**
<https://www.choosemyplate.gov/browse-by-audience/view-all-audiences/adults/moms-pregnancy-breastfeeding>
 - o This website, provided by the US Department of Agriculture, has nutrition tools to help breastfeeding mothers eat healthy during pregnancy and lactation.

Resources for Expectant and New Parents

Mobile Applications

- **Baby Connect**
 - Helps mothers and child care centers track daily activities (feeding, diapers, sleep, mood, medicine, photos, etc.) and developmental milestones. Several users can be authorized so that information can be shared with different family members and child care providers in real time.
 - English/Spanish
 - Cost: \$4.99, may upgrade for professional use, available for [iPhone](#) and [Android](#)
- **Baby Nursing**
<https://www.sevenlogics.com/apps/baby-nursing/>
 - This app helps families track baby's nursing progress, growth, diaper changes, doctor's visits, sleep, baths, medications, vaccinations and activity.
 - Cost: Free, available for [iPhone](#) and [Android](#)
- **Baby Shusher**
<https://babyshusher.com/baby-shusher-app/>
 - Helps soothe fussy babies with rhythmic "shush" sound. There is a Sound Equalizer to automatically adjust the shush volume to baby's cry volume.
 - Cost: \$4.99, available for [iPhone](#) and [Android](#)
- **Irth**
<https://irthapp.com/>
 - Irth, as in "Birth" without the "B" for bias, is the only app where you can find prenatal, birthing, lactation, postpartum, and pediatric reviews of care from Black and Brown women, their partners, and doulas. It is the #1 "Yelp-like" platform for the pregnancy and new motherhood journey, made by and for people of color. It allows mothers to search doctor and hospital reviews from the community, as well as write multiple reviews to help inform and protect others.
 - English/Spanish
 - Cost: Free, available for [iPhone](#) and [Android](#)
