Your Rights as a Breastfeeding/Chestfeeding Parent

- You have the right to breast/chestfeed your child in any public or private location (NY Civil Rights Law 79-e).
- You have the right to pump breast/chest milk at work (NY Labor Law Section 206-c)
 - Your employer must provide a reasonable amount of unpaid break time for parents to express breast/chest milk for up to 3 years following the child's birth
 - Upon request, an employer must provide a room (not a bathroom) for breast/chestfeeding parents to express breast milk
- Look at the Breastfeeding Mother's Bill of Rights (www.health.ny.gov/publications/2028) or ask your healthcare provider for more information.

Breast Pumps

Under New York Insurance Law, insurers must cover maternity care including lactation support services such as counseling, education, and classes in breast- and bottle-feeding, and breastfeeding equipment such as pumps.

Call your insurance and ask how to get a breast pump. If they will not provide a pump, call the appropriate complaint line:

- Medicaid:
1-800-206-8125
- Other insurances:
1-800-342-3736

BFREE

Funded by the New York State Department of Health, Cohen Children's Medical Center's Breastfeeding, Resiliency, Engagement, and Empowerment (BFREE) coalition supports mothers in reaching their breastfeeding goals.

Contact us at BFREE@northwell.edu with any questions or comments!

Online Resources

Kelly Mom

<https://kellymom.com/>

- Written by a breastfeeding mother and International Board-Certified Lactation Consultant (IBCLC) this website provides evidence-based information on breastfeeding and parenting.

The Office of Women's Health

<https://www.womenshealth.gov/breastfeeding/>

- The Office of Women's Health is part of the Department of Health and Human Services and provides breastfeeding information and resources, including sections specifically for mothers returning to work and African-American families.
- English/Spanish

Feeding Your Baby

<http://www.feedingyourbaby.org/>

- Feeding Your Baby is a place for you to learn about infant nutrition. There are 6 units that match important stages in the baby's first 6 months of life. This useful information and nutrition advice will help you reach breastfeeding goals.
- English/Spanish

La Leche League International

<https://www.llli.org/>

- La Leche League International—their local chapters are listed under support groups, but their webpage also provides a lot of helpful information as well as mother-to-mother forums, FAQ-Answer pages, and podcasts.
- Multiple Languages

Phone Apps (available on iPhone and Android)

- **Baby Connect:** Helps parents and child care centers track daily activities and developmental milestones
- **Baby Nursing:** Helps families track baby's nursing progress, growth, diaper changes, doctor's visits, sleep, baths, medications, vaccinations and activity.
- **Baby Shushing:** Helps soothe fussy babies with rhythmic "shush" sound.
- **Irth:** Irth, as in "Birth" without the "B" for bias, is the only app where you can find prenatal, birthing, lactation, postpartum, and pediatric reviews of care from Black and Brown women, their partners, and doulas.
